

STEAM at Home Winter Reading Challenge

STEAM is all around us! From the questions we ask, technology we use, and creative solutions we develop, our world is powered by STEAM; (Science, Technology, Engineering, Art and Math). Learn more about its progress, pioneers and concepts through hands-on activities in this fun interactive challenge!

BADGES and PRIZES

Each badge earned places them into our Grand Prize Drawing. The drawing will take place Monday, March 1. They will either be called or emailed depending on the contact information given. Prizes will be gift cards to local businesses, (yet to be determined)

Here are the seven badges you can earn, if you so choose:

STEM to STEAM

Why did STEM become STEAM? What does the “A” stand for? Let's do a little research! Let us point you in the right direction.

STEM Pioneers

Check out female pioneers who changed the STEM landscape across fields like programming, healthcare, and even into space!

Inspire Curiosity

Follow along with Mystery Doug, by visiting his website to get the answer to some of life’s most interesting scientific questions.

Family STEM Challenge

It's time for a family STEM challenge! Set up your own family's STEM challenge. Let us give you ideas!

Experimenting with Art

Explore the many forms of art and create your own masterpiece!

Create with KiwiCo

Looking for some new, interesting and engaging STEAM ideas to try? Let's dive into KiwiCo.

Amazing Science Apps

Explore a science app, what did you learn?

In the badge description, we provide a link to an appropriate website that will provide information to help in earning the badge.

NOTE: They do not need a BDL library card to participate.
