

# Journal Prompt List

Below is your journal prompt list. These prompts are to get you to work on critical thinking and just to lay out your thoughts. All prompts were written by one of the Library's Teen Advisory Board Members.

**Week 1: Covid-19** - *Write about your experiences this past year. This can be about the medical aspects like a research paper or just your personal thoughts.*

**Week 2: Favorite song**- *You can talk about why it's your favorite, break down the lyrics, whatever you like.*

**Week 3: Talk about a time when somebody helped you**

**Week 4: Should there be limits to technology, and if so, who should manage them**

**Week 5: Do surround yourself with people who think the same way as you? Why or why not?**

**Week 6: If you could design a vacation around a book you read, what would it be?**

**Week 7: What do you feel is an urgent matter happening in the world today, and why is it important to you?**
